WARNING: READ BEFORE USING YOUR PLAYSTATION® GAME CONSOLE.

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation game console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game – dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions – IMMEDIATELY discontinue use and consult your physician before resuming play.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation game console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

GAME CONTROLS

The default controller configuration is shown here. All references to button selection in this manual refer to the default controller configuration.

Tony Hawk's Pro Skater supports the DUAL SHOCK™ analog controller. When the ANALOG mode switch is on, the left stick works the same as the directional buttons.

To select menu options, use the directional buttons up/down to navigate through the menu options, highlight the desired option, and press the X button to accept. Screens without menus will list buttons to press at the bottom of the screen.

GAME RESET

To abort a game in progress, press the **Start** button to pause the game. Choose **End Run** and then choose **Quit**. You will be given the option to save. Choose **Yes** if you wish to save your progress or **No** if you do not. You will then be returned to the Main menu screen.

SOFT RESET

You can reset to the Tony Hawk's Pro Skater Main menu screen at any time during gameplay by holding down **Select**, then pressing and holding **Start** for two seconds.

MAIN MENU

Choose from the following options to begin playing **Tony Hawk's Pro Skater**. Using up/down on the directional buttons, choose the type of game you want to play. Press X to start that game. Two controllers must be plugged into the PlayStation to play a two Player game.

ONE-PLAYER GAMES

Career Mode: As a pro skater you've got to hit the local spots and try to get your best sessions on videotape. Collect videotapes by attaining the goals shown on the loading screen. These tapes will unlock levels, equipment, and competition invites as the game progresses.

Single Session: Choose a single level and skate an all out two-minute session in an effort to set new high scores. Only one level will be unlocked at first. You need to unlock the rest of the levels in Career mode.

Free Skate: No time limits, no high scores, no cops, no pressure. Choose a single level and skate as long as you like. Work the obstacles over and over again until your tricks are tight. Only one level will be unlocked at first. You need to unlock the rest of the levels in Career mode.

In order to save a new game, be sure to have one block of free space available on your memory card, since the game will not allow you to overwrite an existing career. To check the status of your memory card and/or delete existing games, use the PlayStation's internal Memory Card Manager. Continue Career will allow you to update on the same block.

TWO-PLAYER GAMES

Graffiti: A split screen race to see who can hit more tricks in the environment. "Tag" obstacles with your color by tricking off of them. Steal your opponent's obstacles back with a bigger trick. Whoever tags the most objects in the two-minute session, wins. Tag pipe and pool lips by tricking on them from inside the ramp or pool.

Trick Attack: It's a two-minute free-for-all to see who can skate the best line and rack up the most points. Try introducing your opponent's face to the concrete by running into them.

HORSE: It's a one-on-one best trick contest. Bust a single trick, then watch as your opponent tries to beat your score at the same spot. If he or she matches your score, play passes back and forth until somebody balls. Whoever slams gets a letter—first player branded with all letters, loses!

THE SKATERS

Tony Hawk

The father of two and husband of one, Tony Hawk is arguably the single most influential skateboarder of all time. Born and raised in the hazy daze of Southern California, Tony has forgotten more tricks than most people learn in a lifetime. His contributions to the sport are endless—most recently, unearthing skateboarding's holy grail by becoming the only person to successfully land a 900°.

SPOT CHECK—THE GAME LEVELS

Warehouse: Woodland Hills—Practice up in an abandoned warehouse full of ramps, pipes, rails, and gaps. This is the best place to get the basics down before rippin' it up in the rest of the game.

School: Miami—Dumpsters, lunch tables, and long rails. Ahhh... paradise can be found in this deserted school! And don't forget to carve up the pools for some huge air and sweet transfers! Anybody for a game of hoops in the gym?

Mall: New York—Take a little after-hours stroll through the indoor/outdoor mall. This place is filled with huge stair sets and escalators just beggin' to be deared. Check out the upper level for some killer gaps!

Contest 1: Skate Park, Chicago—You've got three runs to take it out on all of the other pro skaters in the "Windy City Slam" contest. Five judges will score each run based on variety, difficulty, and style. When all is said and done, the top three finishers will receive shiny new medals to wear around their necks.

Downtown: Minneapolis—Dodge traffic and air it out over the fountain in the center court. This is a nice wide-open scene with lots of kicker ramps and fire escapes that make for some insane grind combos. And who said you have to stick to the streets? Rip up everything in sight and try to make it to the roof tops for some serious gaps.

Downhill Jam: Phoenix—Speed. Air. Speed. Air. Speed. Air. Get the picture? This crazy downhill run, set in a river gorge, is the place to be if you're looking for over-the-top speed and air. Grab the high rails and paths overhead for the scores that'll have even the big boys scratchin' their heads. Did we mention speed and air?

Contest 2: Burnside, Portland—This is the final contest before you make your way to the skate mecca that is San Francisco. The rules are the same as the first contest. Five judges, three runs, ten competitors, three medals. This familiar spot under an Oregon bridge has some killer lines that make for huge points, so get creative and bust out the combos that'll get you that gold.

Streets: San Francisco—Skaters will recognize spots like Hubba Hideout and GMB (R.I.P.) while tourists can stick to Lombard Street and Chinatown. Grind anything and everything and be sure to hit the long rails and tons of gaps along the way. Only the best can tear it up enough to get a final mystery invitation to an enigmatic, not so far off land. Hmmm...

Contest 3—Have you seen him? Yup...and if you thought that thing was cool ten years ago, you ain't seen nothin' yet!
